

Sunday July 1<sup>st</sup>, 2007,

Today, in 8 weeks the early arrivals will be in the PLAYA. Yeahhhhhhhh

### **Early arrivals**

Per C, in the first week of August we will find out from BM, what our numbers of potential early arrivals can be. Until then, all we can do is keep our fingers crossed and hope that the following committed early arrivals have access to the playa playground:

Dribbles, Peaches, Sparky, PR, Alex Jellybean, Butterlove, Torreya, Cary Priscilla, Flaming J, Holly, Jamie Mas Fuerte + Mari..

### **Reno Overnight Stay**

#### **On the way in, August 25<sup>th</sup>**

Since we have to allocate 3 additional hours to load up the truck in Reno, the consensus was that the early arrivals would spend the night in Reno on Saturday night, and then hit the Playa early Sunday morning.

**Dribbles** is in charge of locating a hotel in Reno and reserve a block of Rooms for the early arrivals.

#### **On the way out on September 2<sup>nd</sup> or 3<sup>rd</sup>,**

If anyone is planning to stay in Reno, on their way home please make your own arrangements. Plan early, it is hard to get a room last minute, especially that Labor Day Weekend.

### **Tahoe after BM**

Only two nights are planned for Tahoe. Monday the 3<sup>rd</sup> (Labor Day) and Tuesday the 4<sup>th</sup>.

**Jallen:** check on housing availability from your cousin. Pinky has offered to work on this with Jallen, if cousin is not coming through.

### **Nitrous**

Flaming J may have a way to have our tanks filled with Nitrous.

**Dribbles** will need to check on capacity of tanks and e-mail info to J.

### **Gray-water System**

J has it working the way she wants it to, but needs another \$100 from Budget to get the right pump for it. Money approved. J is also in need for four 5-Gallon water bottles.

**J,** if you need the money up front, contact Alex.

### **Budget**

**Alex** will come up with the amount for all of us and will send out e-mail, as soon as the figure is available.

## **Music**

We will purchase a Music Stand with drawers to have the music system on it, and have places to put cd's and such.

[Pinky](#) has offered to get something that could be used for that.

## **Futons**

For transporting and usage reason, Futons are the way to go, and we are looking for at least 6 to 8 Futons.

### **San Francisco Contingent**

Please keep you eye on any futons available, we could also use just a frame, since we have futon mattresses but no frame for them. Torrey has offered her truck for pick up and delivery.

*Resource:* Craigslist, Freecycle.org

## **Beer**

Someone needs to take charge of buying the Beer!!!

[Priscilla](#), You are the chosen one!

## **Friendly Reminder Signs**

Colorful and I hope for us older people, big letter signs are being made to help keep the camp cleaner.

[Sweetheart](#), will send out e-mail to ask for any additional signs that are needed so he can finish having them printed and laminated.

## **Cigarette Butts**

[Big Red](#) (Jeff) is buying 6 ashtrays that will do well in the desert and keep the camp neat and safe.

## **Decorating Budget**

A budget of \$350 has been approved for decorating, including the Flag.

[Big Red](#) is designing and making the flag.

## **Shade Structures**

The shade structure will basically be the same as last year, with having two shade structures for tents and this year, the Sacramento girls will add a shade structure for a **Sober Space**.
